Some of my personal favourites of the quarter -

- Amazing feedback from our stakeholders (and honestly, hard to pick on over 50+ references) -
    - **Tara Corey:** "...thanks for all the efforts you have made to improve the state of our data and analytics for the marketing team..."
    - **Elle Matthews:** "...thank you so much for pulling that all together!" (reference to being able to pull Opticon London pipeline/contact data into Marketo in record time)
    - **Nick Liemandt:** "Jared's been making impactful improvements to make SDR life easier..."
    - **Jakob Khan:** "Jenna and I got a bit frustrated that meetings happened with 0 action items... thanks to the team for leaning in now"
    - **Joe Duffell:** "Craig seems different. Loads of engagement, questions, urgency and worry. The worry is same, but the others are recent."
    - **Nicole Richards:** "thank you Bryan Rebhahn for all the help the last couple of weeks!" (echoed by **Jessica Lukas, Craig Ferrara** and others on separate threads)
    - **Allison Skidmore:** "... just wanted to say a HUGE THANK YOU for the hard work you have put into Gainsight..."
    - **Craig Ferrera:** "...working with Andrew Schreiner on the AI drip campaign for the Valtech pilot - this is super fast... absolutely LEGEND helping us."
    - **Seb de Jong:** "... problems we've known for years, they are moving a bit faster than before."
    - **Myles Johnson:** "Useful update."

[redacted]re

- Providing forecast/data around key KPIs for Board Reporting and operational Marketing, Sales and CS requirements in record time (*foundation set for Day 0, decks ready for review < 1.5 weeks*).
- Creating and mostly filling business-critical and purpose-built roles, such as Marketing, Sales and CS Analytics & Intelligence roles (*welcome Max, Rose and Mike G. in a new role*), Marketing and CS Operations leadership (*welcome Barbara, Kamna*)
